The operator of an endowed care cemetery shall maintain a current name and address of the trustee and the records custodian for the endowed care trust fund and shall supply such information to the office, or its representative, upon request.

(3) Missouri law shall control all endowed care trust funds and the Missouri courts shall have jurisdiction over endowed care trusts regardless of where records may be kept or various administrative tasks may be performed.

2. An endowed care trust fund shall be administered in accordance with Missouri law governing trusts, including but not limited to the applicable provisions of chapters 456 and 469, except as specifically provided in this subsection or where the provisions of sections 214.270 to 214.410 provide differently, provided that a cemetery operator shall not in any circumstances be authorized to restrict, enlarge, change, or modify the requirements of this section or the provisions of chapters 456 and 469 by agreement or otherwise.

(7) No contract of insurance shall be deemed a suitable investment for an endowed care trust fund.

(8) The income from the endowed care fund may be distributed to the cemetery operator at least annually on a date designated by the cemetery operator, but no later than sixty days following the end of the trust fund year. Any income not distributed within sixty days following the end of the trust's fiscal year shall be added to and held as part of the principal of the trust fund.

3. The cemetery operator shall have the duty and responsibility to apply the income distributed to provide care and maintenance only for that part of the cemetery designated as an endowed care section and not for any other purpose.

Funds in an escrow account shall be placed in an endowed care trust fund under subsection 1 if the funds in the escrow account exceed three hundred fifty thousand dollars, unless otherwise approved by the division for good cause. The account shall be insured by the Federal Deposit Insurance Corporation or comparable deposit insurance and held in a state or federally chartered financial institution authorized to do business in Missouri and located in this state.

(1) The interest from the escrow account may be distributed to the cemetery operator at least in annual or semiannual installments, but not later than six months following the calendar year. Any interest not distributed within six months following the end of the calendar year shall be added to and held as part of the principal of the account.

(2) The cemetery operator shall have the duty and responsibility to apply the interest to provide care and maintenance only for that part of the cemetery in which burial space shall have been sold and with respect to which sales the escrow account shall have been established and not for any other purpose. The principal of such funds shall be kept intact. The cemetery operator's duties shall be the maintenance of records and the accounting for an investment of moneys deposited by the operator to the escrow account. For purposes of sections 214.270 to 214.410, the administrator of the office of endowed care cemeteries shall not be deemed to be responsible for the care, maintenance, or operation of the cemetery. 8. All endowed care cemeteries shall be under a continuing duty to file with the office of endowed care cemeteries and to submit for prior approval any and all changes, amendments, or revisions of the endowed care trust fund agreement at least thirty days before the effective date of such change, amendment, or revision.

9. If the endowed care trust fund agreement, or any changes, amendments, or revisions filed with the office, are not disapproved by the office within thirty days after submission by the cemetery operator, the endowed care trust fund agreement, or the related change, amendment, or revision, shall be deemed approved and may be used by the cemetery operator and the trustee. Notwithstanding any other provision of this section, the office may review and disapprove an endowed care trust fund agreement, or any submitted change, amendment, or revision, after the thirty days provided herein or at any other time if the agreement is not in compliance with sections 214.270 to 214.410 or the rules promulgated thereunder. Notice of disapproval by the office shall be in writing and delivered to the cemetery operator and the trustee within ten days of disapproval.

10. Funds in an endowed care trust fund or escrow account may be commingled with endowed care funds for other endowed care cemeteries, provided that the cemetery operator and the trustee shall maintain adequate accounting records of the disbursements, contributions, and income allocated for each cemetery.

11. By accepting the trusteeship of an endowed care trust or accepting funds as an escrow agent pursuant to sections 214.270 to 214.410, the trustee or escrow agent submits personally to the jurisdiction of the courts of this state and the office of endowed care cemeteries regarding the administration of the trust or escrow account. A trustee or escrow agent shall consent in writing to the jurisdiction of the state of Missouri and the office in regards to the trusteeship or the operation of the escrow account and to the appointment of the office of secretary of state as its agent for service of process regarding any administrative or legal actions relating to the trust or the escrow account, if it has no designated agent for service of process located in this state. 1. With the exception of sales made pursuant to section 214.385, all sales of prearranged burial merchandise and services shall be made pursuant to this section.

2. Upon written instructions from the purchaser of burial merchandise or burial services set forth in a cemetery prearranged contract, a cemetery may defer delivery of such burial merchandise or a warehouse receipt for the same under section 214.385, or performance of services, to a date designated by the purchaser, provided the cemetery operator, after deducting sales and administrative costs associated with the sale, not to exceed twenty percent of the purchase price, deposits the remaining portion of the purchase price into an escrow or trust account as herein provided, within sixty days following receipt of payment from the purchaser. Funds so deposited pursuant to this section shall be maintained in such account until delivery of the property or the performance of services is made or the contract for the purchase of such property or services is cancelled, and fees and costs associated with the maintenance of the trust or escrow arrangement shall be charged to these funds. The account is subject to inspection, examination or audit by the division. No withdrawals may be made from the escrow or trust account established pursuant to this section except as herein provided.

3. Each escrow arrangement must comply with the following:

(1) The escrow agent shall be located in Missouri, authorized to exercise escrow powers, and shall maintain the escrow records so that they may be accessed and produced for inspection within five business days of the agent's receipt of a written request made by the office or its duly authorized representative. A cemetery operator shall not serve as an escrow agent for the cemetery operator's account nor shall the escrow agent be employed by or under common ownership with the cemetery operator. The cemetery operator shall maintain a current name and address for the escrow agent with the office, and shall obtain written approval from the office before making any change in the name or address of the escrow agent. Notwithstanding any other provision of law, information regarding the escrow agent shall be deemed an open record;

(2) The escrow account funds shall be maintained in depository accounts at a Missouri financial institution that provides Federal Deposit Insurance Corporation or comparable deposit insurance;

(3) The escrow arrangement shall be administered by the escrow agent pursuant to an agreement approved by the office under the same filing and approval procedure as that set forth for endowed care trust fund agreements in section 214.330;

(4) The operator shall establish a separate depository account for each cemetery prearranged contract administered pursuant to this subsection;

(5) The division may promulgate by rule a form escrow agreement to be used by a cemetery operator operating pursuant to this section.

4. Each trust must comply with the following:

(1) The trustee shall be a state or federally chartered financial institution authorized to exercise trust powers in Missouri, provided that a foreign financial institution must be approved by the office;

(2) The trust fund records, including all trust fund accounting records, shall either be maintained in the state of Missouri or shall be electronically stored so that the records may be made available within fifteen business days of the trustee's receipt of a written request made by the office or its duly authorized representative. The cemetery operator shall maintain a current name and address of the trustee and the records custodian and shall supply such information to the office or its representative upon request;

(3) The principal of such funds shall be appropriately invested pursuant to the prudent investor rule under chapter 469, provided that no trust funds shall be invested in any term insurance product;

(4) Payments regarding two or more cemetery prearranged contracts may be deposited into and commingled in the same trust, so long as adequate records are made available to the trustee to account for cemetery prearranged contracts on an individual basis with regard to deposits, earnings, distributions, and any taxes;

(5) Trust instruments shall be subject to the same filing and approval procedure as that set forth for endowed care trust fund agreements under section 214.330;

(6) A trustee may commingle the funds from trusts of unrelated cemetery operators for investment purposes if the trustee has adequate accounting for the allocations, disbursements, payments, and income among the participating trusts.

5. The income from escrow accounts, after payment of expenses associated with the arrangement, shall be distributed to the cemetery operator. All other distributions from trusts and escrow accounts shall be made pursuant to forms approved by the office. For performance of a cemetery prearranged contract, a certificate of performance form signed by the cemetery operator shall be required for distribution. For cancellation of

a cemetery prearranged contract, a certificate of cancellation form signed by the cemetery operator and the purchaser shall be required for distribution.

6. A cemetery prearranged contract is subject to cancellation as follows:

(1) At any time before the final disposition of the deceased, or before the services or merchandise described in this section are provided, the purchaser may cancel the contract without cause by delivering written notice thereof to the operator. Within fifteen days after its receipt of such notice, the cemetery operator shall pay to the purchaser a net amount equal to eighty percent of all payments made under the contract. The cemetery operator shall be entitled to keep one-half of the interest earned on trust funds. Upon delivery of the purchaser's receipt for such payment to the escrow agent or trustee, the escrow agent or trustee shall distribute to the cemetery operator from the escrow account or trust an amount equal to all deposits made into the escrow account or trust for the contract;

(2) Notwithstanding the provisions of subdivision (1) of this subsection, if a purchaser is eligible, becomes eligible, or desires to become eligible, to receive public assistance under chapter 208 or any other applicable state or federal law, the purchaser may irrevocably waive and renounce his right to cancel the contract pursuant to the provisions of subdivision (1) of this section, which waiver and renunciation shall be made in writing and delivered to the cemetery operator;

(3) Notwithstanding the provisions of subdivision (1) of this subsection, any purchaser, within thirty days of receipt of the executed contract, may cancel the contract without cause by delivering written notice thereof to the cemetery operator, and receive a full refund of all payments made on the contract;

(4) Notwithstanding the provisions of subdivision (1) of this subsection, once any purchase order is entered for the production or manufacture of burial merchandise, per the purchaser's written request, the purchaser's obligation to pay for said burial merchandise shall be noncancellable;

(5) No funds subject to a purchaser's right of cancellation hereunder shall be subject to the claims of the cemetery operator's creditors.

7. Burial merchandise sold through a contract with a cemetery or cemetery operator which is entered into after the death of the individual for whom the burial merchandise is intended shall not be subject to any trusting or escrow requirement of this section.

214.389. Suspension of distribution, when, procedure.

1. The division may direct a trustee, financial institution, or escrow agent to suspend distribution from an endowed care trust fund or escrow account if the cemetery operator does not have a current and active cemetery operator license, has failed to file an annual report, or if, after an audit or examination, the division determines there is a deficiency in an endowed care trust fund or escrow account maintained under section 214.330 and the cemetery operator has failed to file a corrective action plan detailing how the deficiency shall be remedied. For purposes of this section, a deficiency shall only be deemed to exist if, after an audit or examination, the division determines a cemetery operator has failed to deposit the total aggregate of funds required to be deposited in trust or an escrow account pursuant to section 214.320 or subsection 1 of section 214.335, or has received disbursements from the trust or escrow account in excess of what is permitted under section 214.330. No deficiency shall be deemed to be created by fluctuations in the value of investments held in trust or escrow.

2. The division shall provide written notification to the cemetery operator and the trustee, financial institution, or escrow agent within fourteen days of discovering a potential violation as described in this section. Upon receipt of written notification from the division, the cemetery operator shall have sixty days to cure any alleged violations or deficiencies cited in the notification without a suspension of distribution. If, after the sixty-day time period, the division feels the cemetery has not cured the alleged violations or deficiencies cited in the notification, the division may send a notice of suspension to the cemetery operator that the division is ordering a suspension of distribution as described in this section. In the event of a suspension of distribution,

the amount of any distribution suspended shall become principal, with credit against the deficiency, unless the cemetery operator files an appeal with a court of competent jurisdiction or with the administrative hearing commission, as provided herein. In the event of an appeal, a cemetery operator may request the court or administrative hearing commission stay the suspension of distribution after a showing of necessity and good cause or authorize payment from the endowed care trust fund or escrow account for necessary expenses from any amount subject to distribution.

3. Upon receipt of an order from the division suspending distribution pursuant to this section, a trustee, financial institution, or escrow agent shall immediately suspend distribution as required by the order. A trustee, financial institution, or escrow agent shall be exempt from liability for failure to distribute funds as ordered by the division.

4. A cemetery operator may appeal an order suspending distribution pursuant to this section to the administrative hearing commission. The administrative hearing commission shall receive notice of such appeal within thirty days from the date the notice of suspension was mailed by certified mail. Failure of a person whose license was suspended to notify the administrative hearing commission of his or her intent to appeal waives all rights to appeal the suspension. Upon notice of such person's intent to appeal, a hearing shall be held before the administrative hearing commission pursuant to chapter 621.

5. A cemetery operator may apply for reinstatement of distributions upon demonstration that the deficiencies or other problems have been cured or that the operator has otherwise come into compliance.

6. The division may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2010, shall be invalid and void.

Where an ordinance or order is established by a county, city, town or village which relates to the maintenance of cemetery property, including the control of weeds and other debris, all cemeteries, including nonperpetual cemeteries, shall be maintained consistent with the provisions of the ordinance or order.

All moneys received by the division pursuant to sections 214.270 to 214.516 shall be collected by the director who shall transmit such moneys to the department of revenue for deposit in the state treasury to the credit of the endowed care cemetery audit fund created in section 193.265;

(b) Rules to administer the inspection and audit provisions of the endowed care cemetery law;

(c) Rules for the establishment and maintenance of the cemetery registry pursuant to section 214.283.

2. 214.035. Conveyance of cemetery property to political subdivision, when — notice of transfer.

1. For purposes of this section, the term “lot owner” means the purchaser of the cemetery lot or such purchaser’s heirs, administrators, trustees, legatees, devisees, or assigns.

2. Whenever a county, city, town or village has acquired real estate for the purpose of maintaining a cemetery or has acquired a cemetery from a cemetery association, and such county, city, town or village or its predecessor in title has conveyed any platted lot or designated piece of ground within the area of such cemetery, and the governing body of such county, city, town or village is the governing body of such cemetery pursuant to section 214.010, the title to any conveyed platted lots or designated pieces of ground, other than ground in which dead human remains are actually buried and all ground within two feet thereof, may be revested in the county, city, town or village in the following manner and subject to the following conditions:

(1) No interment shall have been made in the lot and the title to such lot shall have been vested in the present owner for a period of at least fifty years prior to the commencement of any proceedings pursuant to this section;

(2) If the lot owner of any cemetery lot is a resident of the county where the cemetery is located, the governing body shall cause to be served upon such lot owner a notice that proceedings have been initiated to revest the title of such lot in the county, city, town or village and that such lot owner may within the time provided by the notice file with the clerk or other officer performing the duties of clerk of such county, city, town or village, as applicable, a statement in writing explaining how rights in the cemetery lot were acquired and such person's desire to claim such rights in the lot. The notice shall be served in the manner provided for service of summons in a civil case and shall provide a period of not less than thirty days in which the statement can be filed. If the governing body ascertains that the statement filed by the lot owner is correct and the statement contains a claim asserting the rights of the lot owner in the lot, all proceedings by the governing body to revest title of the lot in the county, city, town or village shall be null and void and such proceedings shall be summarily terminated by the governing body as to the lots identified in the statement;

(3) If it is determined by the return of the sheriff of the county in which the cemetery is located that the lot owner is not a resident of the county and cannot be found in the county, the governing body may cause the notice required by subdivision (2) of this subsection to be published once each week for two consecutive weeks in a newspaper of general circulation within the county, city, town or village. Such notice shall contain a general description of the title revestment proceedings to be undertaken by the governing body pursuant to this section, lot numbers and descriptions and lot owners' names. In addition, the notice shall notify the lot owner that such lot owner may, within the time provided, file with the clerk or other officer performing the duties of a clerk a statement setting forth how such lot owner acquired rights in the cemetery lot and that such lot owner desires to assert such rights. If the governing body ascertains that the statement filed by the lot owner is correct and the statement contains a claim asserting the rights of the lot owner in the lot, all proceedings by the governing body to revest title to the lot in the county, city, town or village shall be null and void and such proceedings shall be summarily terminated by the governing body as to the lots identified in the statement;

(4) All notices, with proofs of service, mailing and publication of such notices, and all ordinances or other resolutions adopted by the governing body relative to these revestment proceedings shall be made a part of the records of such governing body;

(5) Upon expiration of the period of time allowed for the filing of statements by lot owners as contained in the notice served personally, by mail or published, all parties who fail to file with the clerk, or other officer performing the duties of clerk in such county, city, town or village, their statement asserting their rights in the cemetery lots shall be deemed to have abandoned their rights and claims in the lot, and the governing body may bring an action in the circuit court of the county in which the cemetery is located against all lot owners in default, joining as many parties so in default as it may desire in one action, to have the rights of the parties in such lots or parcels terminated and the property restored to the governing body of such cemetery free of any right, title or interest of all such defaulting parties or their heirs, administrators, trustees, legatees, devisees or assigns. Such action in all other respects shall be brought and determined in the same manner as ordinary actions to determine title to real estate;

(6) In all such cases the fact that the grantee, holder or lot owner has not, for a term of more than fifty successive years, had occasion to make an interment in the cemetery lot and the fact that such grantee, holder or lot owner did not upon notification assert a claim in such lot, pursuant to this section, shall be prima facie evidence that the party has abandoned any rights such party may have had in such lot;

(7) A certified copy of the judgments in such actions quieting title may be filed in the office of the recorder

of deeds in and for the county in which the cemetery is situated;

(8) All notices and all proceedings pursuant to this section shall distinctly describe the portion of such cemetery lot unused for burial purposes and the county, city, town or village shall leave sufficient ingress to, and egress from, any grave upon the lot, either by duly dedicated streets or alleys in the cemetery, or by leaving sufficient amounts of the unused portions of the cemetery for such purposes;

(9) This section shall not apply to any lot in any cemetery where a perpetual care contract has been entered into between such cemetery, the county, city, town or village and the owner of such lot;

(10) Compliance with the terms of this section shall * fully revest the county, city, town or village with, and divest the lot owner of record of, the title to such portions of such cemetery lot unused for burial purposes as though the lot had never been conveyed to any person, and such county, city, town or village shall have, hold and enjoy such unclaimed portions of such lots for its own uses and purposes, subject to the laws of this state, and to the charter, ordinances and rules of such cemetery and the county, city, town or village.

Every person or association which owns any cemetery in which dead human remains are or may be buried or otherwise interred, except a private or family cemetery, shall cause to be maintained in an office in the cemetery, or in an office within a reasonable distance of the cemetery, a plat of such cemetery showing the entire area and location of the cemetery, the portion thereof which is formally dedicated for the burial of dead human remains, all burial lots or interment spaces, and all walks, roads, improvements and features. The cemetery operator shall cause the plat to be updated from time to time as is necessary to cause the plat to remain current.

2. The cemetery operator shall also cause to be maintained at such office a record of the owner of each burial lot or interment space described in the current plat of the cemetery and a record of all dead human remains buried or interred at the cemetery, which record shall include the name of each deceased person buried or interred at the cemetery, the date of burial or interment, the location of burial or interment and, if known, the name and address of the funeral director who provided the memorial service or other final arrangements for the deceased person. (1959) The fact that the purchaser's name was not placed upon the plat of the cemetery lot as required by this section does not cause the purchaser to lose title to the lot. The burden of placing the name on the plat was upon the owner of the cemetery and not upon the purchaser. *Billings v. Paine* (Mo.), 319 S.W.2d 653.

214.041. Construction of roads prohibited in cemetery — exceptions.

If a remonstrance signed by any three lot owners of such cemetery remonstrating against granting the prayer of such petition be filed on or before the first day of the term at which such petition is filed, then the county commission shall inform itself as to the propriety of granting such petition, and if the commission be of the opinion that the petition should be granted, or if no remonstrance be so filed, the county commission shall make an order vacating the streets, avenues, thoroughfares and places as prayed for in the petition, and the title to the lands so vacated shall revert to the corporation, association or person by whom the cemetery was platted or to the successors of such corporation, association or person.

(b) The liquidity and current return of the investments relative to the anticipated cash flow requirements; and

(c) The projected return of the investments relative to the funding objectives; and

214.205. Violation of nuisance ordinance — abandonment — action authorized — costs — eminent domain.

1. If any cemetery not described in section 214.090 is found to be in violation of a city, town, village or county nuisance ordinance for failure to cut grass or weeds, or care for graves, grave markers, walls, fences, driveways or buildings, the governing body of such city, town, village or county shall be authorized to take those actions necessary to restore and maintain the cemetery, and the governing body shall be authorized to charge the expenses of such actions against the cemetery. If actions are taken by a city, town, village or county pursuant to this subsection, the city, town, village or county may assess all true costs of restoration, maintenance and operation against any responsible person, partnership or corporation whether such person, partnership or corporation is a lessee, lessor, equitable title holder or legal title holder to the unmaintained cemetery. Any city, town, village or county which assesses costs pursuant to this section reserves the right to pursue any and all legal, equitable or criminal remedies to collect such assessed costs. Any city, town, village or county which pursues a civil remedy pursuant to this section may employ independent attorneys and law firms to collect the costs of restoration, maintenance and operation of any unmaintained cemetery.

2. As used in this section, the term "abandoned cemetery" means any cemetery, except one described in section 214.090, in which, for a period of at least one year, there has been a substantial failure to cut grass or weeds or care for graves, grave markers, walls, fences, driveways and buildings or for which proper records have not been maintained pursuant to section 214.340. Whenever the attorney general determines the existence of an abandoned cemetery in this state, the attorney general shall immediately proceed to dissolve the cemetery corporation owning the same. Upon the dissolution of such corporation, title to all property owned by the cemetery corporation shall vest in the municipality or county in which the cemetery is located, and the endowed care fund, together with all investments then outstanding, and all books, records and papers of such corporation shall be transferred to the treasurer of such municipality or county and shall become the property thereof. Upon the transfer of such property and funds, the governing body of such municipality or county shall care for and maintain such cemetery with any moneys of the cemetery corporation, including the principal of and income from the endowed care funds, and, if such moneys are insufficient to properly maintain such cemetery, then it may use funds of the municipality or county.

3. In addition to those powers granted the attorney general in subsection 2 of this section, every municipality or county in which any abandoned cemetery is located may acquire through its power of eminent domain such cemetery, together with all endowed care funds, maintenance equipment, books and records, accounts receivable and other personal property used or created in the operation of the cemetery and owned or controlled by the person or association which owns the cemetery. The municipality or county shall acquire the cemetery and related property subject to the rights of owners of burial lots or other interment spaces. Upon so acquiring the cemetery and related property, the acquiring municipality or county shall operate and maintain the cemetery as a public cemetery. The municipality or county which so acquires an abandoned cemetery shall not be liable for any act or transaction which occurred prior to such acquisition, including, without limitation, any obligation to third parties or incorrect lot ownership or burial records.

3. Every person or association which owns any cemetery in which dead human remains are buried or otherwise interred is authorized to disinter individual remains and either to reinter or rebury the remains at another location within the cemetery or to deliver the remains to a carrier for transportation out of the cemetery, all pursuant to a final order issued by the circuit court for the county in which the cemetery is located. The court may issue the order, in the court's discretion and upon such notice and hearing as the court shall deem appropriate, for good cause shown, including without limitation, the best interests of public health or safety, the best interests of the deceased person's family, or the reasonable requirements of the cemetery to facilitate the operation, maintenance, improvement or enlargement of the cemetery. The costs of such disinterment, relocation and delivery, and the related court proceedings, shall be paid by the persons so ordered by the court.

Such moneys and funds for income purposes shall be invested from time to time in interest-bearing bonds of the same classes or kinds, and by the same city officials, as such city's bond sinking funds are or may be directed by law to be invested; and the principal sums thereof, except as permitted by the donor as aforesaid, shall be preserved and kept for income purposes. If such income revenue should prove insufficient to provide for the reasonable care and upkeep of the land which, or the control of which, may be so acquired, the city shall have power to provide therefor from its general revenue.

***194.119. Right of sepulcher, the right to choose and control final disposition of a dead human body.**

1. As used in this section, the term “right of sepulcher” means the right to choose and control the burial, cremation, or other final disposition of a dead human body.

2. For purposes of this chapter and chapters 193, 333, and 436, and in all cases relating to the custody, control, and disposition of deceased human remains, including the common law right of sepulcher, where not otherwise defined, the term “next-of-kin” means the following persons in the priority listed if such person is eighteen years of age or older, is mentally competent, and is willing to assume responsibility for the costs of disposition:

(1) An attorney in fact designated in a durable power of attorney wherein the deceased specifically granted the right of sepulcher over his or her body to such attorney in fact;

(2) For a decedent who was on active duty in the United States military at the time of death, the person designated by such decedent in the written instrument known as the United States Department of Defense Form 93, Record of Emergency Data, in accordance with P.L. 109-163, Section 564, 10 U.S.C. Section 1482;

(3) The surviving spouse;

(4) Any surviving child of the deceased. If a surviving child is less than eighteen years of age and has a legal or natural guardian, such child shall not be disqualified on the basis of the child’s age and such child’s legal or natural guardian, if any, shall be entitled to serve in the place of the child unless such child’s legal or natural guardian was subject to an action in dissolution from the deceased. In such event the person or persons who may serve as next-of-kin shall serve in the order provided in subdivisions (5) to (9) of this subsection;

(5) (a) Any surviving parent of the deceased; or

(b) If the deceased is a minor, a surviving parent who has custody of the minor; or

(c) If the deceased is a minor and the deceased’s parents have joint custody, the parent whose residence is the minor child’s residence for purposes of mailing and education;

(6) Any surviving sibling of the deceased;

(7) The next nearest surviving relative of the deceased by consanguinity or affinity;

(8) Any person or friend who assumes financial responsibility for the disposition of the deceased’s remains if no next-of-kin assumes such responsibility;

(9) The county coroner or medical examiner; provided however that such assumption of responsibility shall not make the coroner, medical examiner, the county, or the state financially responsible for the cost of disposition.

3. The next-of-kin of the deceased shall be entitled to control the final disposition of the remains of any dead human being consistent with all applicable laws, including all applicable health codes.

4. A funeral director or establishment is entitled to rely on and act according to the lawful instructions of any person claiming to be the next-of-kin of the deceased; provided however, in any civil cause of action against a funeral director or establishment licensed pursuant to this chapter for actions taken regarding the funeral arrangements for a deceased person in the director’s or establishment’s care, the relative fault, if any, of such

funeral director or establishment may be reduced if such actions are taken in reliance upon a person's claim to be the deceased person's next-of-kin.

5. Any person who desires to exercise the right of sepulcher and who has knowledge of an individual or individuals with a superior right to control disposition shall notify such individual or individuals prior to making final arrangements.

6. If an individual with a superior claim is personally served with written notice from a person with an inferior claim that such person desires to exercise the right of sepulcher and the individual so served does not object within forty-eight hours of receipt, such individual shall be deemed to have waived such right. An individual with a superior right may also waive such right at any time if such waiver is in writing and dated.

7. If there is more than one person in a class who are equal in priority and the funeral director has no knowledge of any objection by other members of such class, the funeral director or establishment shall be entitled to rely on and act according to the instructions of the first such person in the class to make arrangements; provided that such person assumes responsibility for the costs of disposition and no other person in such class provides written notice of his or her objection. If the funeral director has knowledge that there is more than one person in a class who are equal in priority and who do not agree on the disposition, the decision of the majority of the members of such class shall control the disposition.

8. For purposes of conducting a majority vote under subsection 7 of this section, the funeral director shall allow voting by proxy using a written authorization or instrument.

469.411. Determination of unitrust amount — definitions — exclusions to average net fair market value of assets — applicability of section to certain trusts — net income of trust to be unitrust amount, when.

1. (1) If the provisions of this section apply to a trust, the unitrust amount determined for each accounting year of the trust shall be a percentage between three and five percent of the average net fair market value of the trust, as of the first day of the trust's current accounting year. The percentage applicable to a trust shall be that percentage specified by the terms of the governing instrument or by the election made in accordance with subdivision (2) of subsection 5 of this section.

(2) The unitrust amount for the current accounting year computed pursuant to this section shall be proportionately reduced for any distributions, in whole or in part, other than distributions of the unitrust amount, and for any payments of expenses, including debts, disbursements and taxes, from the trust within a current accounting year that the trustee determines to be material and substantial, and shall be proportionately increased for the receipt, other than a receipt that represents a return on investment, of any additional property into the trust within a current accounting year.

(3) For purposes of this section, the net fair market values of the assets held in the trust on the first business day of a prior accounting quarter shall be adjusted to reflect any reduction, in the case of a distribution or payment, or increase, in the case of a receipt, for the prior accounting year pursuant to subdivision (1) of this subsection, as if the distribution, payment or receipt had occurred on the first day of the prior accounting year.

(4) In the case of a short accounting period, the trustee shall prorate the unitrust amount on a daily basis.

(5) In the case where the net fair market value of an asset held in the trust has been incorrectly determined in any quarter, the unitrust amount shall be increased in the case of an undervaluation, or be decreased in the case of an overvaluation, by an amount equal to the difference between the unitrust amount determined based on the correct valuation of the asset and the unitrust amount originally determined.

2. As used in this section, the following terms mean:

(1) "Average net fair market value", a rolling average of the fair market value of the assets held in the trust on the first business day of the lessor of the number of accounting quarters of the trust from the date of inception of the trust to the determination of the trust's average net fair market value, or twelve accounting quarters of the trust, regardless of whether this section applied to the ascertainment of net income for all valuation

quarters;

(2) "Current accounting year", the accounting period of the trust for which the unitrust amount is being determined.

3. In determining the average net fair market value of the assets held in the trust, there shall not be included the value of:

(1) Any residential property or any tangible personal property that, as of the first business day of the current valuation year, one or more income beneficiaries of the trust have or had the right to occupy, or have or had the right to possess or control, other than in a capacity as trustee, and instead the right of occupancy or the right to possession or control shall be deemed to be the unitrust amount with respect to the residential property or the tangible personal property; or

(2) Any asset specifically given to a beneficiary under the terms of the trust and the return on investment on that asset, which return on investment shall be distributable to the beneficiary.

4. In determining the average net fair market value of the assets held in the trust pursuant to subsection 1 of this section, the trustee shall, not less often than annually, determine the fair market value of each asset of the trust that consists primarily of real property or other property that is not traded on a regular basis in an active market by appraisal or other reasonable method or estimate, and that determination, if made reasonably and in good faith, shall be conclusive as to all persons interested in the trust. Any claim based on a determination made pursuant to this subsection shall be barred if not asserted in a judicial proceeding brought by any beneficiary with any interest whatsoever in the trust within two years after the trustee has sent a report to all qualified beneficiaries that adequately discloses the facts constituting the claim. The rules set forth in subsection 2 of section 469.409 shall apply to the barring of claims pursuant to this subsection.

5. This section shall apply to the following trusts:

(1) Any trust created after August 28, 2001, with respect to which the terms of the trust clearly manifest an intent that this section apply;

(2) Any trust created under an instrument that became irrevocable on, before, or after August 28, 2001, if the trustee, in the trustee's discretion, elects to have this section apply unless the instrument creating the trust specifically prohibits an election under this subdivision. The trustee shall deliver notice to all qualified beneficiaries and the settlor of the trust, if he or she is then living, of the trustee's intent to make such an election at least sixty days before making that election. The trustee shall have sole authority to make the election. Section 469.402 shall apply for all purposes of this subdivision. An action or order by any court shall not be required. The election shall be made by a signed writing delivered to the settlor of the trust, if he or she is then living, and to all qualified beneficiaries. The election is irrevocable, unless revoked by order of the court having jurisdiction of the trust. The election may specify the percentage used to determine the unitrust amount pursuant to this section, provided that such percentage is between three and five percent, or if no percentage is specified, then that percentage shall be three percent. In making an election pursuant to this subsection, the trustee shall be subject to the same limitations and conditions as apply to an adjustment between income and principal pursuant to subsections 3 and 4 of section 469.405; and

(3) No action of any kind based on an election made by a trustee pursuant to subdivision (2) of this subsection shall be brought against the trustee by any beneficiary of that trust three years from the effective date of that election.

6. (1) Once the provisions of this section become applicable to a trust, the net income of the trust shall be the unitrust amount.

(2) Unless otherwise provided by the governing instrument, the unitrust amount distributed each year shall be paid from the following sources for that year up to the full value of the unitrust amount in the following order:

- (a) Net income as determined if the trust were not a unitrust;
- (b) Other ordinary income as determined for federal income tax purposes;
- (c) Assets of the trust principal for which there is a readily available market value; and
- (d) Other trust principal.

(3) Additionally, the trustee may allocate to trust income for each taxable year of the trust, or portion thereof:

(a) Net short-term capital gain described in the Internal Revenue Code, 26 U.S.C. Section 1222(5), for such year, or portion thereof, but only to the extent that the amount so allocated together with all other amounts to
